MODEL SUITE

"Introducing a large amount of supportive/subsidized housing to camh's site would work against other important priorities such as reducing the stigma attached to 1001 Queen Street West and MAXIMIZING CAMH'S FINANCIAL RETURN FROM THE LEASE OF NON-CAMH LANDS." From $CAMH'S own PLANNING GUIDELINES!

Notice how the language of "removing stigma" is now used to justify REMOVING CLIENTS from the grounds. Aren't they saying, in effect, that CLIENTS HURT PROPERTY VALUES? What will they think of next? A new kind of "clientless" hospital? Now, that would be an innovation! A $CAMHospital! Any ROOMS FOR RENT, in Parkdale?

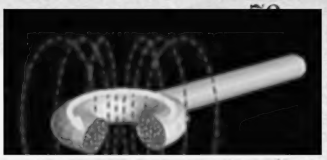
"Sugar-Coated" rTMS Builds Strength and Health



Faranak "Faraday" Farzan
"Should be one in every home!"

Absolutely shockless and painless, overcomes nervousness, banishes aches and pains, renews the vigor of youth and builds healthy, well-developed bodies

Thousands of volts of stimulating, up-building, high frequency electricity—as painless and pleasant as a ray of sunshine—can be sprayed into any weak, diseased or under-developed part of your body. Instantly you will feel its healing, strengthening, tonic effect. You will feel the warm, fresh blood surge to the treated part, bringing with it the tissue-building and disease-fighting forces that Nature provides. Poisons and diseased tissues will be washed away, pains and inflammations relieved and the part treated will be nourished and strengthened. It literally helps Nature *build new* ***BRAINS!***

The TEMERTY BRAIN STIMULATION PORTA-ZAPPER!

makes it possible for you to secure the benefits of this wonderful treatment at home. The simple, durable and efficient **Portazap** Generator takes current from your light socket and transforms it into the life-giving, health-building **rTMS** Ray, that penetrates and saturates the entire body. It increases the oxygen content of the blood, increases the number of germ-fighting white corpuscles and sends the blood coursing throughout the body with renewed vigor. It aids the digestive process and the assimilation of food. It helps Nature throw off waste products and poisons. It stimulates every organ to healthy, normal activity.

"Let's face it, how good does that feel to have some nice citrus shampoo from time to time?" says Zahn. "It's a wonderful luxury that we all enjoy. One of the things I was told when we were building our facilities is that one of the architects asked somebody, 'What do people with mental illness like?' And the answer was, 'The same things you like — what are you talking about? These are human beings who like the same comforts and luxuries as you do.' They're functioning on a level where they're trying to get by; what can we do to make life better [for them]?"

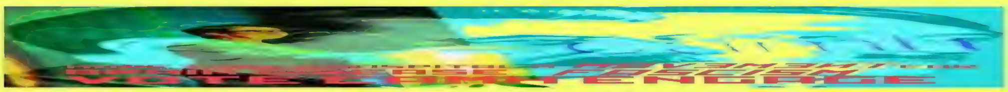
$CAMH CEO Catherine Zahn - Woman of CRIME!

Women of CRIME! ™

"YOU ARE ALL FUCKING CRAZY!"

We are on the cusp of a breakthrough™

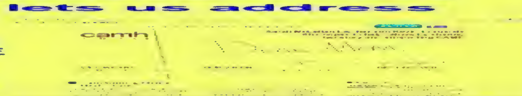
Endeavouring to put one over the Canadian public, that they really were "transforming" everybody and NOT just cleansing the neighborhood of MAD people while furthering their professional interests, the psychiatric establishment DESPERATELY NEEDED a MOUTHPIECE to spin their BRAIN DISEASE dogma at the NEW KIND OF (MEDIA CONSTRUCT) hospital on Queen West. They found one (for $700,000 annually) in Catherine Zahn. She even believed in "story-telling" - how perfect! Then a lot of outfits we'd hardly even heard of before, emerged from the woodwork (or the swamp) to name her a GREAT "communicator" - too perfect!



$CAMH CEO Catherine Zahn: Bullshit, Bromides & Brain Disease

"My breakthrough is a $CAMH that's building a future in which everyone BELIEVES that LIFE is WORTH LIVING. We're COMMITTED (should be!) to TRANSFORMING mental health care and creating HOPE - ACROSS the LIFESPAN (?) and around the WORLD (Parkdale excluded)."
— $CAMH CEO Catherine Zahn on CRACK after some REALLY GOOD SEX

"Catherine" - she even lets us address her by her first name! - how sublimely generous! - even managed to "transform" SUICIDE into a BIG MONEY-MAKER for $CAMH - and made a KILLING with ROBIN WILLIAMS!



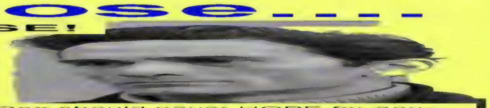
She loved to tell us that her people were farmers. Like all farmers (she said) they were GOOD people. Somehow she even found time to raise a FAMILY!

Mike and Billy Zahn, Upper Canada College grads - a MIRACLE!

When the time came to choose....

CHOOSE!

"HOPE is essential in creating a MOVEMENT. In the spring of 2013 there's every reason to be HOPEFUL." Catherine Zahn, CEO $CAMH, aka "Chatty Cathy"



"One should never HOPE for anything. HOPE is a thing invented by POLITICIANS to keep the electorate HAPPY." Pier Paolo Pasolini (1922-1975 - murdered)

Especially if you work for DentsuBOS and CAMH Foundation who together invented this disgusting insulting and condescending series of ads, presuming to tell us how we talk about "mental illness" without knowing anything about us, least of all how we talk. Now they want us to pay mistaken hipsters to stay up all night doing god knows what to "cure" mental illness, than which nothing could be more misleading and trivializing. How about a little honesty? Fire the professional liars, Dentsubos and Darrell Gregersen and Catherine Zahn. Spend the money wasted on them on care instead.

2) Shoot up. Since this has SOMETHING to do with MENTAL HEALTH you should probably pretend you're under a CTO, then you can
3) Get drunk, which you probably already are, but HEY! you're on the CUSP OF A BREAKTHROUGH, so ENJOY YOURSELF, then
4) Pass a LOT of GAS (FART!). It's OK because you're now a SCAMH BRAIN DOCTOR just like CATHERINE ZAHN, so-o-o-o -
5) THINK about CATHERINE ZAHN, how MARVELOUS she is because the IABC(?) gave her a prize for saying the DARNEDEST THINGS so -
6) REPEAT some CATHERINE ZAHN SAYINGS - right NOW! Slowly at first then faster and FASTER! Say -
7) "We ARE on the CUSP of a BREAKTHROUGH; We ARE TRANSFORMING LIVES; We ARE a MOVEMENT in a NEW ERA for MENTAL HEALTH and - moreover -
8) "There IS every REASON for HOPE, because HOPE IS A MOVEMENT!" at which point you can -
9) Take the Biggest DUMP EVER - because - just like the DEAR LEADER - you - TOO - are

BY: COURTNEY SHEA

One of Dr. Zahn's goals as president and CEO of the Centre for Addiction and Mental Health (CAMH) is to shine the spotlight on mental health issues. Her recent "Communicator of the Year" award (handed out by the Toronto chapter of the International Association of Business Communicators) suggests she's doing a darn good job. We sat down with Zahn to discuss stigma, celebrity addicts, and CAMH's recent influx of corporate support.

Ana Lopes and Don Tapscott: Their SUPERIOR CRAPPER makes them mental health authorities in Parkdale "across the lifespan and around the world" (Little Red Book of $CAMH CEO Catherine Zahn).

About one third of Mizrahi's 80 patients with schizophrenia smoke pot, despite her warnings. Some tell her they feel paranoid and think others can read their thoughts when they're high so they only smoke alone. If they refuse to give up marijuana, she urges them to, at the very least, try a different strain.

Our New CEO

At the end of March 2014, Dr. Kwame McKenzie joined the Wellesley Institute as its new CEO.

> I think you are incredibly fortunate to have Kwame McKenzie as new CEO of the Wellesley Institute. It wasn't easy to find a suitably remunerative research job in this mean and provincial capital, but you persevered and the result was worth it for Kwame. And how deliciously ironic that your meanness and squalor shall be researched by one so media friendly, slick and stylish. Surely it will help you to endure your poverty, just knowing that Kwame McKenzie is researching it, from his plantation in Lindsay.

One of the things I was told when we were building our facilities is that one of the architects asked somebody, 'What do people with mental illness like?' And the answer was, 'The same things you like — what are you talking about? These are human beings who like the same comforts and luxuries as you do.' They're functioning on a level where they're trying to get by; what can we do to make life better [for them]?"

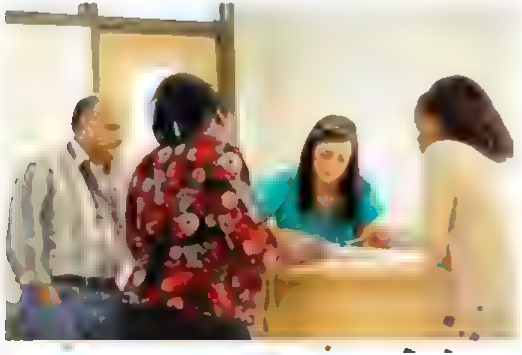
SHOCK
CORRIDOR

Direction One

Enhance recovery by improving access to integrated care and social support

CAMH is reorganizing our clinical programs and our approach to care. We will build care pathways around the clinical and social needs of patients

We will make it easier to access services at CAMH, and improve transitions within CAMH and between CAMH and community-based service providers. Patients, families and care providers will know how to find care and services

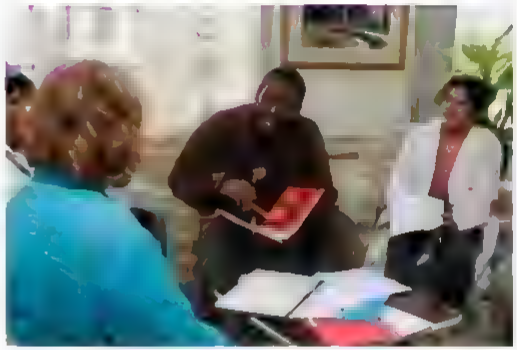


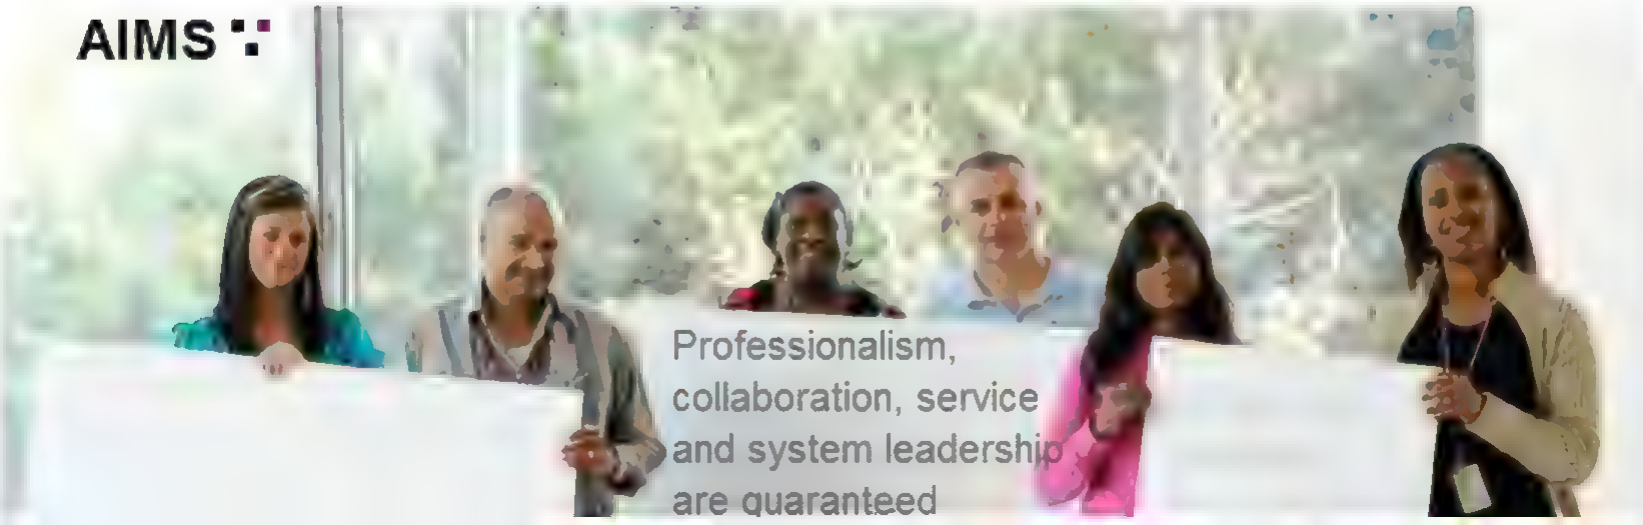
Direction Two

Earn a reputation for outstanding service, accountability and professional leadership

Excellence will be our starting point at CAMH. We intend to build a quality and service-oriented workforce grounded in lifelong learning and continuous improvement.

We're investing in our people at CAMH and focusing on developing, studying and evaluating high-performing teams. This starts in clinical care and will extend to every part of CAMH.





Direction Three

Build an environment that supports healing and recovery

CAMH is building a progressive, 21st-century academic health science centre – a safe and welcoming environment that's respectful and accessible for patients, family, staff and visitors. Our environment will promote collaboration, knowledge exchange and integration.

Through system partnerships and community engagement we will contribute to a vibrant and healthy neighbourhood. A flourishing CAMH campus will be a powerful weapon in the fight against prejudice and discrimination.

Direction Four

Ignite discovery and innovation

Scientists in the Campbell Family Mental Health Research Institute at CAMH are identifying the factors that lead to mental illness. We will advance focused research in clinical neuroscience epigenetics, pharmacogenetics and novel therapies

We will build on solid foundations in social and epidemiological research to inform system enhancement, health promotion, public policy and knowledge exchange to help improve the health outcomes of all Ontarians

Direction Five

Revolutionize education and knowledge exchange

A CAMH Education Strategy will guarantee that we all learn and teach. We will foster excellence and innovation in teaching, workforce education and interprofessional collaboration, while advancing research and scholarship in mental health education.

Enriching the CAMH student experience will draw learners from every field as we break new ground in interprofessional education, mental health promotion for children and youth, and patient and family education.

Drive social change

CAMH will communicate evidence-based policy and advocate with sensitivity and impact. We will respond to mental health priorities in our environment and respect the priorities of our patients, families and other stakeholders.

We will partner with the CAMH Foundation to build public awareness of mental illness and addiction. Through a provincial mental health strategy, we will partner with government and service providers across Ontario to build an accessible, equitable and effective mental illness and addiction system.

It's a brain disease!

SCAMH has been led down the WRONG track by CEO Zahn. She has "transformed" herself into an overpaid Cheerleader for brain disease, and SCAMH employees into placard bearing groupies. There is now, partly because of this, a radical disconnect between SCAMH "pr" and the reality of so-called "community mental health" – aptly illuminated by the ruinous state of Archway Clinic here in Parkdale, where most of the workers, who should be facilitating community mental health, are placed on seven-month contracts (so prevented from developing meaningful relationships with their clients), and forced to spend more and more time merely inputting information into an inefficient system for billing purposes. Meanwhile clients whom full-time staff have known for many years are referred away, as services are dumbed down and devoted instead to what the corporation euphemistically calls intensives, evidently not considering that the clients they fluff off are thereby more apt to become intensive themselves.... The reality of community mental health at SCAMH is increasingly a COMMUNITY TREATMENT OF ORDER....

Thanks, Catherine Zahn....
